## **IBA PROMOTES PANGBORN TO VICE PRESIDENT OF CONSULTING SERVICES**

**December 3, 2007** – Ken Pangborn has been promoted to vice president of consulting services of IBA Consultants, Inc., the foremost building envelope consulting firm in the country. Formerly, Pangborn served as a senior glazing consultant since 2002 at IBA Consultants Boca Raton office.

Ken Pangborn will now be responsible for consulting services with an emphasis on new construction, which includes pre-construction design, architectural and shop drawing review, construction code compliance, new construction quality control and documentation of product applications, water and air infiltration testing, waterproofing evaluation.

With more than 28 years of experience in the glass and glazing industry, Pangborn has worked extensively with the design and development of fenestration products from initial concept to installed products. He also has consulted for many national and local organizations on the development of standards, specifications and codes such as, NFRC, AAMA and the Governor Commission for the Florida Building Code.

“The consulting services department is fundamental to the foundation of our company, and we are pleased to announce Ken Pangborn as the head of the division,” said Mark Baker, president of IBA Consultants. “Since Ken has joined our team, he has been an essential asset, so it is a natural progression for him to lead this department.”

IBA Consultants is the foremost building envelope consulting firm in the country specializing in the identification and elimination of potential and existing wall cladding, glazing, glass, roofing, and waterproofing system failures. IBA offers review, inspection and testing services to architects, developers, owners and construction managers in the high-rise construction industry.
