**IBA CONSULTANTS GROWS ROOFING AND WATERPROOFING DIVISION.**

*Bradley Kempthorne to Head Division.*

**MIAMI**, Fla. – February 15, 2003 – Mark Baker, president of IBA Consultants, announced today that the company has unveiled a full-service roofing and waterproofing division, adding to its internationally-renowned inspection, consulting and testing capabilities. Bradley Kempthorne, director of roofing and waterproofing, will lead the division.

“When I started IBA, I added services along the way that our clients desired and required,” stated Baker. “The roofing and waterproofing division is one such service. We’ve done it based on customer request in the past, but now we’ve built an exceptional team of roofing and waterproofing specialists who can focus solely on that growing segment of our business.”

IBA’s roofing and waterproofing division offers expertise in the specification, investigation, testing and elimination of roofing and waterproofing system failure for new construction and existing buildings.

Some of its services include (partial list) the development of preliminary roofing and waterproofing design and performance criteria, as well as contract and bid documents tailored to the individual project; review of submitted bid proposals to ensure code compliance; inspection of

installation to ensure installed materials match manufacturer standards; and investigate causes of roofing and waterproofing system failure and provide specifications for repair procedures.

A partial list of clients who have used IBA's waterproofing and roofing services include Trump Plaza of the Palm Beaches; The Miami Project; Eden Roc Resort and Spa; Publix by the Bay, Beau Ciel, Aventura Mall and the Ritz-Carlton.

IBA Consultants, Inc. are internationally-renowned exterior wall, roofing and waterproofing specialists offering review, inspection and testing services to architects, developers, owners and construction managers in the high-rise construction industry. Headquartered in Miami, with offices in Boca Raton and Sarasota, the company has been a consultant on buildings such as the Petronas Towers, Malaysia; Atlantis, Bahamas; and Canary Wharf, London, as well as growing list in Florida.
